

Bolton PHOTOBOOTHS

PHOTO STUDIO

Our Photo Studio is a popular option for Prom Nights as it comes with a photographer to capture and print photos live on the night with DSLR camera.

Supplied with background, lighting and one of our dye-sub printers the Photo Studio needs a clear space of at least 2m x 3m.

Prints can be personalised and are offered at 6" x 4" size as standard or upgrade to 8" x 6".

All photos supplied to the hirer after the event via Dropbox.
